## Planning within a budget

Now, it's time to help Anika plan which items to purchase for her vegetable patch. Anika has £10 to spend and would like to buy at least 3 items with the budget.

Use the template below to plan it out.

Item	Cost

## Going to the garden shop

After making your purchases at the garden shop, count the money you have left over.

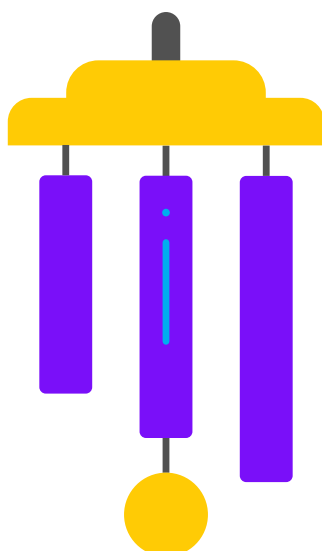

**Amount left over:** \_\_\_\_\_

Does this match with the amount you wrote in your budgeting template?

## Making a plan

It's time to do some more shopping to buy tools for harvesting. Using the £10 budget provided by Anika's school, help Anika plan what to buy from the online shop.
